

## CDP Compact Light Pneumatic Dresser

### Features

- 1.Compact lightweight design.
- 2.Pneumatic air motor operation.
- 3.Rotation Sensing provides output confirms operation. (Option)
- 4.Best design for end effector.
- 5.Special desing for portable spot welding gun.
- 6.KTW cutter dresses upper and lower electrode simultaneously ensuring long life span.

### Specification

Model	CDP
Required air pressure(MPa)	0.5MPa
RPM at no load(rpm)	88rpm
Mar. torque(N.m)	80N·m
Air consumption(m <sup>3</sup> /min)	350L/min
Weight(kg)	5.9kg

### Cutter, Holder

- 1.Close weldign gun after motor rotation.
- 2.Recommended gun pressure on cutter is 2960[N](300kgf)
- 3.Gun press arbitrary length on time  
(Approxymately 2-4seconds)
- 4.Release welding gun while dresse is rotating.,

### For Portable Spot Gun
